

CRANFORD HIGH SCHOOL BUS REQUIREMENTS

Cranford Board of Education provides remote to school transportation to Cranford High School if your residence meets the distance requirements. The following bullet points are provided to use as a guide to determine the possibility of student transportation and also address frequently asked questions.

- Parents must contact Karen Durana, in the Cranford Board of Education Business Office (contact info below) in order to enroll their student for the bus to C.H.S.
- If you already have a student riding, with a younger sibling who will join them, your younger student must be enrolled, please call/contact Karen Durana with their information.
- The student residence must be greater than 2.5 miles (N.J.S.A.18A-39-1) to Cranford High School. As per NJ Department of Education (NJ DOE) direction, mileage calculations used are the shortest possible route, either driving or walking. Google maps are used to calculate the distance.
- C.H.S student bus riders who qualify to ride the bus will receive a bus pass with their name on it which will allow them access to the bus. The bus driver will ask to see the student bus pass for the first few weeks of school until the driver begins to recognize the students. The bus driver will have a current student list with him/her and will check it for the student names.
- Students cannot just go to a bus stop without being enrolled to ride on the bus. If the student cannot produce their bus pass with their name on it, they may be denied access to the bus. It is important that the bus passes are kept throughout the school year, as there may be situations when the passes may be required again.
- Enrolled students on C.H.S. bus routes are not allowed to bring friends on the bus with them.
- The C.H.S. bus routes and stops are pre-determined by the vendor contracted bus company.
- The bus routes for C.H.S. are monitored and audited every year therefore it is imperative we follow the NJ DOE rules and regulations regarding student transportation.
- C.H.S. office has a list of the student names who are eligible riders on the bus which is provided to them by the Business Office, and updated as necessary throughout the school year.

To enroll your student(s), or for additional information contact -
