

AP French - Summer Assignment

Over the summer, I would like for you to keep practicing with your French through a listening and writing task. Weekly, you should watch a Journal Télévisé (Online Newscast) from France 2 or France 3. The link for both sets of JTs can be found at the link provided below. After watching (you may have to watch a few times at first to understand), you will go to the classwork section of Google Classroom and complete the Google Form for the week.

I will release the forms each Monday, and the form will be due by Sunday, 11:59pm. Google Forms provides a time-stamp of completion, and I will not accept them late for the week. ***If for some reason you cannot complete one of the weeks, please let me know via e-mail BEFORE the due date.***

The assignments will start the week of July 1st and will end the last week of August. This will give you 9 weeks of practice, and I assume between 9-10 hours of the summer toward French. This assignment will help to keep your writing fresh, as well as help you tune your ear to listening to French in a native context. This skill will be extremely important come the exam.

If at any point you have questions during the summer, feel free to e-mail me. Otherwise, à bientôt !
