RE: Student-Athlete Transportation

I would like to address some safety issues regarding student-athletes driving other student-athletes to home games and practices at our various facilities.

The logistical set up of our athletic facilities has always required that student-athletes travel to home games and practices via shuttle buses provided by the district or by personal means of transportation.

Currently, two shuttle buses are provided during the fall and spring seasons and one shuttle bus is provided during the winter season. Each shuttle makes two complete trips to assigned sites. This transportation system reaches all sites. This allows students who are late for various reasons to still make it to their games and practices.

For those whose student-athletes are choosing to drive or be transported by another student, I would like to provide you with information regarding the New Jersey Graduated Driver License restrictions:

“No driving between 11:01 pm and 5:00 am. Only one additional passenger is allowed unless accompanied by a parent or guardian. Drivers cannot use cell phones, hand held video games or any other hand held electronic devices. The driver and all passengers are required to wear seat belts.”

Let us make sure our student-athletes obey the law!

If, as a parent/guardian, you do not want your child being transported by another student, encourage him/her to take the provided shuttle buses or arrange your own transportation.

If you have any questions, please feel free to contact me in the Athletic Office at torson@cranfordschools.org or 908 709-6294.
