After reporting to your PE Class for attendance, proceed to the medical study to complete the following assignment.

1. A written assignment is due for each PE class, which is missed. The review will be based on articles taken from:
 - Newspapers
 - Magazines
 - Journals
2. You are to attach a copy of the article to your review
3. The review should reflect 40 minutes of class participation & must include at least 5 paragraphs.
4. Your review topic must be on a Physical Education Topic such as:
 - Sports
 - Recreational activities
 - Fitness topics
 - Exercise and health benefits
 - Athletic injuries
 - Drug/steroids use in sports
 - Athletes in the news
 - Nutritional information
5. Your review must have the following:
 - Introduction
 - Summary of the article: this section is to include 2-3 paragraphs in your own words
 - Your reaction to the article
 - Why did you choose this article?
 - What do you think about the topic?
 - Was it interesting or not?
 - What did you learn from the article?
 - Do you agree to disagree?
 - Do you know anyone else that did this and what happened?
 - Would you want to be him/her?
6. Grade is based on:
 - Comprehension of the article
 - Paragraph & sentence structure
 - Your reasoning in your reaction to the article
 - Length and effort
 - Relationship of article to physical education
 - What you learned relating to PE

If you do not participate in the writing program when medically excused your absences will affect your grade drastically. Please turn in your review to your PE teacher the day following your absence. Corrected papers can be picked up from your PE teacher.
