Cranford High School

Mission Statement

We the community of Cranford High School, are striving to acquire and foster the knowledge and responsibility necessary to preserve our diverse, democratic society and to choose, experience and enjoy a life of consequence in the complex world of the 21st century.

Through a partnership of teachers and students, administrators, and community members, young adults graduating from Cranford High School must learn to respect people and property, progress and preservation. Our graduates should regard learning as a lifelong endeavor and freedom as a right to secure.
